

Personal legal advice and personal injury service

As a PCS member you can access legal advice on non work-related problems.

All PCS members and their partners have access to the union's personal injury service, provided the accident or injury has occurred in the UK or within UK jurisdiction.

The scheme also extends to other family members where the accident or injury has occurred outside of work, or the family member is a victim of medical negligence. Last year the PCS personal injury compensation claim scheme recovered more than £2.5 million in compensation for members and their partners or dependent children. In order to qualify under the scheme it is normally necessary to have been a member at the time of the accident or injury arising and to be in current membership or associate membership of PCS.

As a PCS member you can access our personal injury scheme which covers members and their partners who have an accident, injury or suffer ill-health or experience medical negligence within the UK. Phone our helpline on 0800 328 3255.

You can also access a legal advice helpline by Slater and Gordon lawyers on 0800 916 9066 for non-work related matters. It is available from 9am to 5:30pm, Monday to Friday.
