

PCS MOD Pay Ballot

14–28 April 2008

The MoD pay offer is unacceptable for many reasons. It:

- Attacks the lowest paid staff with huge cuts to pay at the E1 and E2 pay band maxima.
- Threatens to cut the future pensions of all staff.
- Pushes many members back down to their pay band.
- Is divisive and does not meet the terms of the PCS national and group pay claim.
- Does not include provision to use savings from efficiencies to improve the pay of staff as per the national pay agreement and the Treasury remit guidance.
