

Covid

The risk to workers and their families from Covid-19 infection continues.

PCS is prioritising your health and safety. We demand proper Covid-19 risk assessments for all workplaces. We demand employers put safety measures in place to prevent or minimise the risk and keep workers and service users safe.

If you can work from home you should work from home. If you can't work from home make sure you follow the Covid-19 safety measures in your workplace. If you have any concerns about your health and safety at work, talk to [your PCS health and safety rep](#) immediately.

Contact our [central response team](#) for help.
