

Recruit a friend or colleague

One of the biggest assets PCS has is its members.

You can talk to your friends and colleagues, wherever they work in the **civil service** and related areas, about joining PCS and why it's important for them to be part of that collective.

You might have a personal story to tell of how the union, or a particular rep, has helped you. This will encourage other people to join so they can get the same benefits.

Members are more likely to join if someone who they associate with, maybe someone who does the same job, or has the same interests, asks them to join.

Talk to your friends and colleagues and they can [join PCS online](#) today.
